### **A Fever In Salem A New Interpretation Of The New England**

I read this book purely to expand my knowledge of the Salem witch trials, having visited the Salem Witch Museum and finished A Delusion of Satan: The Full Story of the Salem Witch Trials. In this well-researched and informative book, Carlson suggests that the young women who went into fits and accused individuals in their community of bewitching them were actually suffering from a form of encephalitis which caused their symptoms, bizarre behavior, and even their hallucinations.

### **A Fever in Salem: A New Interpretation of the New England**

enced by the victims in Salem (hallucinations, convulsions, hyperactivity, uncontrollable bodily movements, and partial paralysis) were similar to those associated with encephalitis lethargica. The text is rich in documentary evidence, although one would have liked to have seen her draw more clearly the parallels between the two events.

### **A Fever in Salem: Revisiting and Revising the Evidence**

This new interpretation of the New England Witch Trials offers an innovative, well-grounded explanation of witchcraft's link to organic illness. While most historians have concentrated on the accused, Laurie Winn Carlson focuses on the afflicted. ...
