library patrons, such as reference CD-ROM databases. These "public-access computer systems" will provide users with an increasing diversity of information materials and services.

### **Advances in Library Automation and Networking - CiteSeerX**

Electronic journals have an obvious rationale. . . . Many libraries cannot afford new journals: library subscription prices in the early 80s have risen at about 10% per annum, substantially above the rate of inflation, while the number of scientific and technical journals doubles every 30 years (Lambert, 1985).

### **Advances in Library Automation and Networking**

Of all published articles, the following were the most read within the past 12 months

### **Advances in Library Automation and Networking. Vol. 1**

There are few complete technical sources of information available for plastic injection moulders to use relating to automation. However, there have been articles written on various components of the technology. This review has been compiled by researching and analysing technical references.

### **Advances in Automation for Plastics Injection Moulding**

Automation is a way for humans to extend the capability of their tools and machines. Self-operation by tools and machines requires four functions: Performance detection; process correction; adjustments due to disturbances; enabling the previous three functions without human intervention.
