The capitalist system is under siege. In recent years business increasingly has been viewed as a major cause of social, environmental, and economic problems.

### **Creating Shared Value - Harvard Business Review**

Creating shared value (CSV) is a business concept first introduced in Harvard Business Review article Strategy & Society: The Link between Competitive Advantage and Corporate Social Responsibility. The concept was further expanded in the January 2011 follow-up piece entitled "Creating Shared Value: Redefining Capitalism and the Role of the Corporation in Society".

Project-based learning (PBL) is a student-centered pedagogy that involves a dynamic classroom approach in which it is believed that students acquire a deeper knowledge through active exploration of real-world challenges and problems. Students learn about a subject by working for an extended period of time to investigate and respond to a complex question, challenge, or problem.
