

democracy in a technological pdf

E-democracy (a combination of the words electronic and democracy), also known as digital democracy or Internet democracy, incorporates 21st-century information and communications technology to promote democracy. It is a form of government in which all adult citizens are presumed to be eligible to participate equally in the proposal, development, and creation of laws.

Participatory democracy has a long history. One instance is the Iroquois confederacy (also known as the Haudenosaunee confederacy) which operates under the oldest surviving constitution in the world. In 7th and 8th century Ancient Greece, the informal distributed power structure of the villages and minor towns began to be displaced with collectives of Oligarchs seizing power as the villages ...

The Foundation for Democracy in Iran is the premier clearinghouse for news on human rights violations in Iran and on Iranian opposition activities. FDI works with a broad spectrum of pro freedom groups inside Iran. We believe that with the proper support, these groups could be successful in liberating Iran from the yoke of the Shiite clerical dictatorship.
