

diversity of plants and pdf

Biodiversity is not evenly distributed, rather it varies greatly across the globe as well as within regions. Among other factors, the diversity of all living things depends on temperature, precipitation, altitude, soils, geography and the presence of other species. The study of the spatial distribution of organisms, species and ecosystems, is the science of biogeography.

Labs. Do the American Field Guide's "English Ivy-Landscape Plant or Deadly Killer" activity. It includes a "Restoring Wildlife Habitat" video that can be played using Real Player or the Window's Media Player. The whole activity is in form and I have produced my own documents for the lab , the lab answers , the maps , the grid , and pictures of the invasive plants .
