The Prussian system was THE driver of modern science, without it you wouldn't drive cars, have x rays, use quantum theories you wouldn't even have nuclear bombs, radar. The Prussian system produced related to its size the best most modern industrial nation state ever. It produced soldiers that could fight a world coalition to a standstill and ...

Why Is The United States Still Using The Prussian

Studying Prussia and Germany historically helps distinguish between the consequences for bureaucratic quality of meritocracy from those of responsiveness. On this basis, I identify where comparative politics studies may benefit from adding, in a comparative historical perspective, responsiveness to the explanation of bureaucratic quality.

The Duke of Prussia married into the Electorate of Brandenburg. In 1701 the Electorate of Brandenburg was granted permission by the Holy Roman Empire to call himself King in Prussia, thus Brandenburg-Prussia became the Kingdom of Prussia. Prussia was a multiethnic state with Germans, Poles, and Balts like the original Prussians and Lithuanians.
