The eight Standards for Mathematical Practice are an important component of the mathematics standards for each grade and course, Kâ€™12. The Standards for Mathematical Practice describe the varieties of expertise, habits of minds, and productive dispositions that educators seek to develop in all students.

### **Mathematics - TN.gov**

This journal is so much more than a collection of word problems. These journal prompts ask students to defend their answers, list the steps they took to solve the problem, make their own problems, draw pictures, etc. Writing about their mathematical thinking will help students to prepare for standardized testing and show a true understanding of the math concepts rather than just test if the ...
