Home | Common Core State Standards Initiative

Education in the United States is provided by public, private and home schools.. State governments set overall educational standards, often mandate standardized tests for K-12 public school systems and supervise, usually through a board of regents, state colleges, and universities. Funding comes from the state, local, and federal government. Private schools are generally free to determine ...

Education in the United States - Wikipedia

The primary goal is to bring together researchers, clinicians and industry working in the field of digital pathology, to present and discuss science, implementation of digital techniques and the latest advances in the field.
