of theory building that appeared in course handouts, journal articles, and monographs. The requests of students and of colleagues has indicated to me that it is time to bring to- gether and complete my writing on the methodology of theory building, particularly as it relates to theory of human so- cial life.

Methodology of theory building

sensus on exactly what theory is may explain why it is so difficult to develop strong theory in the behavioral sciences (Sutton & Staw, 1995: 372). For our purposes we use a simple, general definition: theory is a statement of concepts and their interrelationships that shows how and/or why a phenomenon occurs (cf. Gioia & Pitre, 1990).

good theory-building research should have similar research procedures, regardless of the research methodology used. The empirical results from a study of operations management over the last 5 years 1991–1995 indicate imbalances in research . methodologies for theory-building.

A definition of theory: research guidelines for different

building research. Theory-building is important because it provides a framework for analysis, facilitates the efficient development of the field, and is needed for the applicability to practical real-world problems. To be good theory, a theory must follow the virtues (criteria) for “good” theory, including uniqueness, parsimony,
