Links open in a new browser window, close the window to return to this website. General personal metalcasting websites. Kansas Brass foundry This guy Steve is doing some really great casting work in brass. The first link is to his site showing his foundry equipment (and nice oil burner setup) and the following link is where he sells his brass castings (and they are nice!).

Background and Health Impacts

Rail transport in Japan is a major means of passenger transport, especially for mass and high-speed travel between major cities and for commuter transport in urban areas. It is used relatively little for freight transport, accounting for just 0.84% of goods movement. The privatised network is highly efficient, requiring few subsidies and running extremely punctually.
