Honors. Criteria used by the School of Physical Sciences in selecting candidates for honors at graduation are as follows: Approximately 2 percent will be awarded summa cum laude, 4 percent magna cum laude, and 10 percent cum laude. Honors are awarded on the basis of a student's performance in research, cumulative grade point average, and performance in upper-division courses in the major.

School of Physical Sciences < University of California

Kettering University (formerly General Motors Institute of Technology) is a private cooperative education and experiential learning-based university in Flint, Michigan, offering bachelor's and master's degrees in STEM (Science, Technology, Engineering, and Mathematics) and business fields.. Kettering University ranked 13th nationally among non-Ph.D.-granting engineering universities and ...

Comprehensive NCLEX Questions Most Like The NCLEX

Consequentialism, as its name suggests, is the view that normative properties depend only on consequences. This general approach can be applied at different levels to different normative properties of different kinds of things, but the most prominent example is consequentialism about the moral rightness of acts, which holds that whether an act is morally right depends only on the consequences ...

Consequentialism (Stanford Encyclopedia of Philosophy)

Human impacts prior to the Industrial Revolution are not well constrained. We investigate whether the decline in global atmospheric CO₂ concentration by 7–10 ppm in the late 1500s and early 1600s which globally lowered surface air temperatures by 0.15 °C, were generated by natural forcing or were a result of the large-scale depopulation of the Americas after European arrival, subsequent ...

The new sixth edition of HERO is out, it's 2/3rds bigger than the previous version and is split across two volumes. The two most infamous boardgame "rulebooks suitable for scaring people" (or beating them upside the head) would probably be Advanced Squad Leader and Star Fleet Battles. Both are capable of filling a large 3-ring binder to bursting.
